PRODUCT DESCRIPTION

Cambria shapes plaster into an organic study of light and shadow. Its softly rounded forms are pierced with oval openings, allowing illumination to filter through the shade with a warm, sculptural glow. Offered in Matte White with a coordinating white cord, the plaster surface may also be painted to complement the surrounding interior. Available in three pendant sizes and three flush mount sizes, Cambria brings quiet texture, architectural softness, and modern artistry to indoor spaces. Selectable 5CCT technology allows the light temperature to adjust from warm to crisp white.
