

SCULPT WALL ART WAVE

The Sculpt Wall collection is a series of reliefs for hanging on the wall as pure artistic intentions.

The sculptural pieces pull their inspiration from brutalist architecture details, design history and concrete as a surface and material in American Minimalist art of the 1960s.

Each piece is handmade from a sustainable concrete-like material of recycled newspapers, sand, and chalk powder, combining artistic work with sustainable production methods.

The Sculpt Wall series are available in different shapes and sizes and can easily be hung on a wall with screws and brackets on the backside.
