

FOUR HANDS

# Performance Fabric

# Designed for life

Specially created to withstand spills, stains, high traffic and wear, Four Hands performance fabrics bring long-term comfort and unmatched durability to sofas, chairs and more. In this guide, you'll learn about a variety of performance fabrics, see some of our top-selling styles, plus understand how to take care of each.

# Can we add a headline here???

All Four Hands performance fabrics are specifically engineered for stain-resistance at the fiber level. Each performance fabric goes through a high-heat submersion bath to fully and permanently encapsulate each yarn fiber, resulting in moisture-resistance and durability to last the life of the product. Liquids bead up on the surface and can be easily blotted away for low-maintenance care and easy cleaning.

\* See all performance styles on [Marketplace](#).

# Heavy Texture

Resilient and durable, heavily textured fabrics easily hide wear, making them a great option for the office, bedroom and even the family room.

**Benefits:** Durable, on trend with elevated casual vibe

## Performance Heavy Texture Best Sellers:

Thames cream

Gibson wheat

Lyon Pewter

Thames coal

Irving Taupe

\* See all performance styles on [Marketplace](#).

# Boucle

With a highly tactile and nubby look and feel, boucle has quickly become the go-to everyday fabric due to its visual interest, resiliency and ability to mask daily wear.

**Benefits:** Durable, modern, cozy

## Performance Boucle Best Sellers:

Knoll Domino

Knoll Natural

Merino Cotton

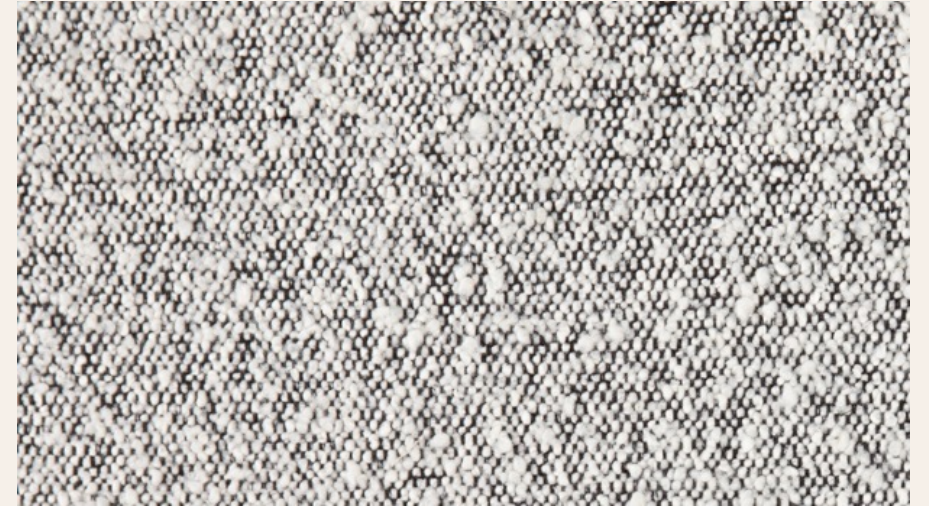

Fayette cloud

Kerbey Ivory

\* See all performance styles on [Marketplace](#).

# Flat Weave

Great for all furniture types, flat-weave fabrics are smooth to the touch and can bring an understated, elevated look to any piece.

**Benefits:** Durable, structured, resistant to pilling

## Performance Flat Weave Best Sellers:

Delta Bisque

Vail Silver

Destin Flannel

\* See all performance styles on [Marketplace](#).

# Chenille

French for “caterpillar,” chenille features woven threads that are often soft to the touch and lustrous with a subtle sheen.

**Benefits:** Durable, extremely soft, can be available in a variety of colors

## Performance Chenille Best Sellers:

Lashon Fog

Bonnell Ivory

Sutton Olive

Darren ECRU

\* See all performance styles on [Marketplace](#).

# Olefin

Known for its UV-resistant, water-repellent and quick-drying abilities, olefin is a synthetic fiber widely used both indoors and out.

**Benefits:** Mindfully made, durable, can be cleaned with bleach

## Performance Olefin Best Sellers:

Torrance Silver

Torrance Rock

### Did You Know?

Olefin can be recycled up to 10 times before it is no longer usable.

# Cleaning Codes

Each fabric is engineered for spills to be addressed quickly. Be sure to check the cleaning codes and, if any, special instructions included for each individual style or fabric to ensure longevity.

S – Solvent	Do not use water. Spot clean only with a water-free dry-cleaning solvent. Pretest a small, inconspicuous area before proceeding. When cleaning a spill, blot immediately to remove spilled material. Clean spots or stains from the outside to the middle of the affected area and clean the entire panel seam to seam.
W – Water Based	Do not use solvents. Spot clean only with water-based shampoo or foam upholstery cleaner. Pretest a small, inconspicuous area before proceeding. When cleaning a spill, blot immediately to remove spilled material. Clean spots or stains from the outside to the middle of the affected area and clean the entire panel seam to seam.
SW – Solvent / Water Based	Use any cleaning product, whether water or solvent based. Spot clean with upholstery shampoo, foam from a mild detergent or mild dry-cleaning solvent. Pretest a small, inconspicuous area before proceeding. When cleaning a spill, blot immediately to remove spilled material. Clean spots or stains from the outside to the middle of the affected area and clean the entire panel seam to seam.
X – No Cleaning Product	Clean only by vacuuming or light brushing. Dry clean only when necessary. Do not use any water- or solvent-based cleaner.
