

FOUR HANDS

Pulsar Sconce

Black Gunmetal • 245032-002

Overview

A single glass sphere floats from a brass frame. Each globe is individually blown, shaped and sculpted by hand through a one-hour process. Matte glass is specially manufactured to evenly diffuse light. The finish on the brass frame is achieved through a specialized process that turns the brass into an almost black hue before the rod is polished smooth. Brass and glass are 98% recyclable. Designed and sustainably crafted in Poland by Schwung.
