Nova Chandelier

Black Gunmetal • 245011-002

Overview

Marbled glass spheres form an interstellar cluster around a matte black frame. Each globe is individually blown, shaped and sculpted by hand through a one-hour process. The finish on the pendant brass frame is achieved through a specialized process that turns the brass into an almost black hue before the rod is polished smooth. Brass and glass are 98% recyclable. Designed and sustainably handmade in Poland by Schwung.
