Raisa Nightstand

Walnut Burl • 251244-001

Overview

It's all in the mix. The rounded silhouette of this nightstand lets the rich pattern and hue of the walnut burl veneer stand out — no two pieces look exactly alike, speaking to the unique nature of the material. With ample storage in a compact footprint, minimalist knobs and flush drawers keep the focus on the finish. A design collaboration by Amber Lewis and Four Hands.
