C		Allen Key	4 mm	1

Step 1

Step 2

Step 3

Note : Do not over tighten bolts.

Step 4

Note : Do not over tighten bolts.

ADJUSTING FLOOR LEVELERS

CANTON BAR TABLE

Adjust the Floor Levelers

Check for Stability – Place the furniture in its final position on a level surface. If it wobbles or doesn't sit evenly, the floor levelers need adjusting.

Locate the Levelers – These are small adjustable feet found at the bottom corners of your furniture.

Adjust as Needed – Using your hand or a wrench, turn the levelers clockwise to raise or counterclockwise to lower the furniture. Make small adjustments and check stability after each turn.
