

# Italian Indoor/Outdoor Polypropylene Fabrics

## Care Instructions

- Address spills immediately with a dry, soft cloth.
- Lightly vacuum or dust regularly to remove soil buildup.
- Non-oil stains: Do not use stain removers. Use a solution of one cup of hot water and half a spoonful of mild laundry detergent. With a cloth or sponge, gently blot from the outside of the stain in, then use clean water to rinse.
- Oil stains: Remove with a solution of acetone and water, then follow the instructions for non-oil stains.
- For stains on removable or slipcover styles, machine wash with lukewarm water and neutral detergent. Air dry only.
- Cover or store indoors during inclement weather.
