FOUR HANDS

Vesta XL Sconce

Black Gunmetal · 254706-003

Overview

Add a touch of character to your walls. An extra-long reeded tube crafted from black gunmetal holds white globes for contrast. Style seperately or bunch a few together to brighten the hallway. The finish on the brass frame is achieved through a specialized process that turns the brass into an almost black hue before the rod is polished smooth. Each globe is individually blown, shaped and sculpted by hand through a one-hour process. Brass and glass are 98% recyclable. Designed and sustainably crafted in Poland by Schwung.
