FOUR HANDS

Varro Bowl

Chiseled Black Lavastone • 253327-001

Overview

Solid lava stone with a subtle depression carved out of the center forms a simple decorative bowl. A rough-hewn design wraps around the bowl's exterior for texture. Lighter deposits of color naturally occur in the volcanically formed stone. Slight variation from piece to piece is to be expected. Not recommended for food or use as a kitchen tool; for décor purposes only.
