Overview

Add a touch of character to your walls. An articulating tube crafted from black gunmetal holds a white globe for contrast. Move the piece up or down for your just-right amount of light. The finish on the brass frame is achieved through a specialized process that turns the brass into an almost black hue before the rod is polished smooth. Each globe is individually blown, shaped and sculpted by hand through a one-hour process. Brass and glass are 98% recyclable. Designed and sustainably crafted in Poland by Schwung.
