Overview

Work organic warmth and texture into your dining space. A light oak veneer case features double doors accented by tonal cane panels. Subtly rounded hardware echoes the piece's softly curved shape, creating a uniform look. Rear cutouts for cord management. This piece is designed in collaboration with Thomas Bina. Four Hands' partnership with the renowned Los Angeles furniture designer began in the early 2000s, producing several unique collections including reclaimed wood-driven case goods and Brazilian-inspired upholstery.
