FOUR HANDS

Talos Extension Dining Table

Sierra Brown Veneer • 253843-001

Overview

Gather around this spacious dining table, crafted from rich brown parawood. A tapered, curvilinear pedestal base allows for plenty of leg room, while a spacious tabletop extends from 84” to 104”, comfortably seating up to 12 people. Bullnose edges with soft, rounded corners create a comfortable and inviting surface for dining. Extension leaf must be stored separately, flat on its surface to prevent long-term warping.
