**INSTALLING THE FIXTURE ON CEILING**

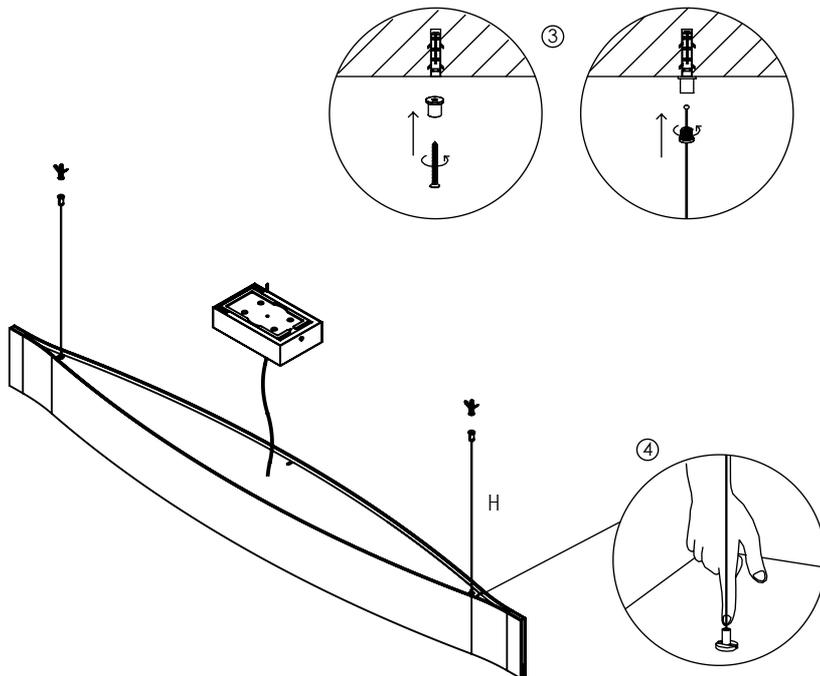

Turn OFF the power before start the installation.

- ① Align and mark on ceiling the position for anchor holes using the provided template. Drill the holes with an 8mm drill bit.
- ② Install anchors using included plastic plugs and screws.
- ③ Install support cables into anchors fixed to ceiling.
- ④ Insert the other end of the cables into adjustable anchors mounted on top of the luminaire making sure that they exit on the other side. Reserve extra cable by wrapping it. It is not recommended to cut the excess off, but make sure that the wire cannot touch any of the electrical connections.

**ADJUSTING THE FIXTURE HEIGHT**

Choose the height (H) you want the luminaire to hang below the ceiling by pushing on the anchor to release tension. While pressing the tip, move the cable until it reaches the desired length. Release the tip and the cable will be locked again. Final adjustments can be made after the fixture is mounted. Now you are ready to make the electrical connection.
