

GU-10

WARNING!

Be sure electrical power is OFF before and during installation or maintenance.
The luminaire must be installed by a qualified electrician, in accordance with all applicable local codes.

Ensure that the rated luminaire voltage requirements are compatible with the available mains supply in which it will be installed.
All LEDs are included in your lamp. Never touch the LED surface with your bare hands as this may reduce the life of your LED.
Do not alter, relocate or remove any electrical component.

Line: Dot
Family: Pendant
Description: Dot Accord Pendant 1418

Material: Natural Wood Veneer, MDF.

Read carefully all the assembling instructions below and turn OFF energy power before starting the installation.

- 01 Remove the protecting package from the pieces taking care to not harm any parts with cutting surfaces or objects. Lay the parts of the fixture on some horizontal surface in order to connect them, if needed use the protecting package to soften the surface and protect the parts from getting scratched or harmed.

ASSEMBLING THE FIXTURES

- 02 Join the outer canopy to the top of the metallic stem, inserting the energy cable and the rod through the hole in the canopy.

- 03 Bring the outer canopy down and assemble the structural inner canopy fastening the supplied screw (S1). Take care to align the holes of the outer canopy and the metallic support for further fixing with the finishing screw.

- 04 Once the structural canopy is assembled, place the fixture on the ceiling to define its correct position and alignment, then make the marks on the ceiling as shown in diagram. With the marks done, make the holes and install the provided plastic bushing in the ceiling.

- 05 With the fixture close to the junction box, make all the electrical connections according to all applicable local codes. Insert the excess energy cable inside the junction box. Lock the junction box fastening the provided screws (S5) in the junction box cover.

- 06 Once the connections are made, align the structural canopy's holes with the plastic bushing installed on the ceiling and fasten the provided screws (S2), fixing the pendant on the ceiling.

- 07 Rise the outer canopy to the ceiling locking in with the provided locking screws (S3).

- 08 Insert the round disks on the tip of the metallic stems, fastening the provided screws (S4) to lock it in place.

- 09 Install UL approved MR-16 LED bulbs on the GU-10 sockets, inside the spots.

Turn ON energy power, your luminaire is ready to use.

PROVIDED SCREWS

ATTENTION!

FAILURE TO COMPLY WITH THESE INSTRUCTIONS MAY CAUSE ACCIDENTS AND LOSS OF PRODUCT WARRANTY.
It is recommended to read these instructions completely and carefully before proceeding.

SAVE THESE INSTRUCTIONS FOR FUTURE REFERENCE.

ACCORD Lighting guarantees coverage against manufacturing defects including electrical components and finishes, for a period of three years, under normal use, from the date of purchase. For warranty service, please contact your local dealer for further instructions. Proof of date of purchase will be required for validation of warranty service.

The responsibility of the manufacturer regarding the product warranty is related to the correct observation of the instructions contained in this manual. The manufacturer is not responsible for any damage to the product caused by accidents, alterations of any kind, improper usage or improper installation.
