

BERLOF END TABLE

FE118

Whitewash

H: 22.5 IN

Dia: 18.00 IN

Organic in both inspiration and material, the structure of this essential end table is inspired by the erosion of sea caves by endlessly breaking waves. Crafted of mango wood, the Berlof features free-flowing cutouts that add interest to its subtle form. Finished in a soft white wash. Finish will vary.

CONTRACT: Contract Recommendations: Adding a lacquer coating provides additional protection
