Matte Blue Gray

H: 42 IN

Dia: 38.00 IN

Organic materials and sophisticated forms come together to create our striking sustainable chandelier. Inspired by the natural intrigue of layered thorns or scales, coconut shells in matte blue gray, are strung in dual parasol shapes, then suspended from sturdy iron chains finished in matte blue gray to match. Reminiscent of a Japanese tea garden, the final fixture is finished with the flourish of an oversized tassel. Finish will vary.
