

GWENDOLYN CHANDELIER

DSC07
Smoke
H: 20 IN

Art Nouveau jewelry's sinuous lines and natural motifs inform our smoke glass chandelier. Textured like ginkgo leaves, double glass shades blossom in a concentric circle from a mount of English bronze-plated steel. Made to cradle the light, its reinvented classic form is suspended from a matching pipe and canopy, making it a spectacular accent over a table. Damp-rated, although limited covered outdoor areas may affect finish.
