

SOKO COCKTAIL CABINET

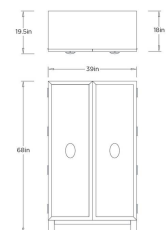

Inspired by the delicate, timeworn beauty of traditional Japanese crackle finishes, the Soko Cocktail Cabinet celebrates texture as art. Its doors are enveloped in meticulously applied crackle lacquer, forming a luminous, mosaic-like surface that feels both refined and storied, all framed in rich, dark oak. Organic, pebble-shaped pulls introduce a subtle sculptural element, enhancing the cabinet's tactile, fashion-forward presence. Fitted with a highly functional interior, this cabinet encases plenty storage, a serving tray, and removable shelving.
