6. SCREW THE FINIAL (F) CLOCKWISE ONTO THE THREADED ROD (C) TO SECURE THE SHADE AND DIFFUSER.

IMPORTANT SAFETY INSTRUCTIONS:

This lamp has a polarized plug (one blade is wider than the other) for North American outlets. It fits a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse it; if it still does not fit, contact a qualified electrician. Use with an extension cord only if the plug can be fully inserted. Never alter the plug. Read these instructions carefully and completely before assembling the lamp. To avoid the risk of fire, do not exceed the maximum bulb wattage.

WARNING:

• To reduce the risk of fire, electric shock or personal injury, always turn off and unplug the lamp and let it cool before replacing the bulb.

• Do not touch the bulb while the lamp is on. Do not look directly at a lit bulb.

• Keep flammable materials away from a lit bulb.

CARE INSTRUCTIONS:

• Clean with a soft, dry cloth. • Avoid harsh chemicals or abrasive cleaners, which may damage the finish.
