ALEENA 24-LIGHT ROUND MULTI-PORT CHANDELIER

DMPALE-R-24L-EB

H: 76 IN
Dia: 48 IN

Slender columns of alabaster and plated iron give the Aleena Round Multi-Port Chandelier a quietly architectural presence. Available in Modern Brass or English bronze, the integrated LED pendants descend from a round canopy in configurations scaled from an intimate grouping to a dramatic installation. Individually adjustable cords allow the drops to align, stagger or cascade, shaping the arrangement around the space.
