## KUBUS 4

The iconic Kubus 4 candle holder by Mogens Lassen is now introduced in three new finishes: zinc, ivory and olive green bring new expressions to modern spaces.

Mogens Lassen's timeless Kubus 4 design is as relevant today as ever, thanks in part to a new zinc finish that creates a cosy backdrop to candlelit evenings.

Timeless and timely, the Kubus 4 candle holder is now offered in ivory, a warm neutral that works in any interior design scheme.

The Kubus 4 candle holder remains at the forefront of leading Danish design. Mogens Lassen's striking piece is offered in a range of colours and materials, including olive green which lends a rich, natural look to interiors.
