CO TASK CHAIR

Designed by *Norm Architects and Els Van Hoorebeeck**Audo Copenhagen launches new additions to the Co Collection.*

In a comprehensive extension of the Co Collection, new chair designs seamlessly integrate into the existing series, elevating the design language with their contemporary aesthetics and unmatched functionality.

The Co Task Chair and Co Task Armchair in wood veneer are offered in three versions that cater to individual needs: with an upholstered seat for comfort, an upholstered seat and back for extra comfort and unupholstered for a cleaner look – and both are set on a five-star swivel base for portability. The Co Task Armchair includes armrests that enhance comfort during prolonged periods of sitting, reducing strain on the upper body.

Tailored for casual work settings, the chairs are fitted with a height-adjustable feature, ensuring adaptability to workspaces and user heights. A flex tilt function in the seat and back enhances the seating experience, adjustable to preferred positions to provide optimal ergonomic support for focused and productive work sessions. The availability of different versions and upholstery choices allows users to select the chair that best suits their needs and design preferences.

The Co Task Chair and Co Task Armchair launch online and at Audo Copenhagen retailers on 28. February 2024.

About the Designer

The Co Collection is designed by Norm Architects and Els Van Hoorebeeck, former Head of Interior Design at The Office Group.

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. Today, the group regularly collaborates with Audo, helping to drive the evolution of the brand and its product offerings. Norm

Architects' name reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement.
