1. Coloca la estructura de la base al revés, y rosca las 4 patas a la base. Una vez hecho, giralo y coloca en posición correcta la estructura. / Place the base of the cabinet upside down and place the legs. Once the legs are fixed to the base, it can be turned to the correct position.

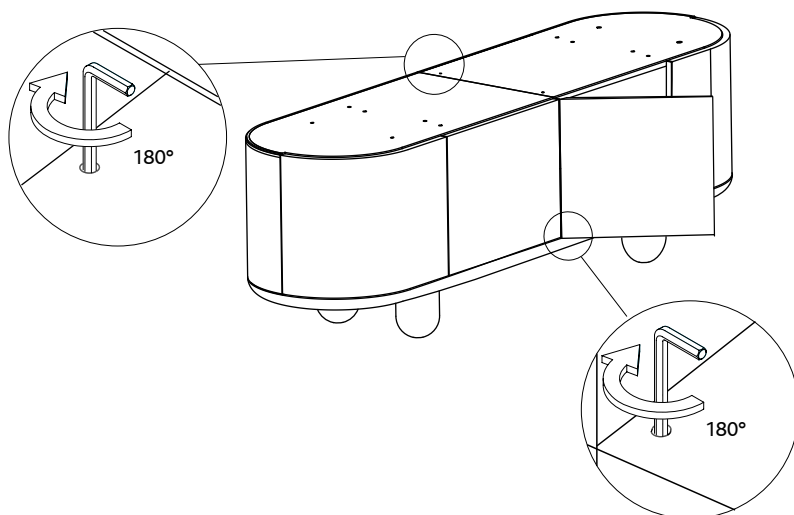

2. Nivel la base del cabinet mediante los tacos reguladores. / Level the base of the cabinet.

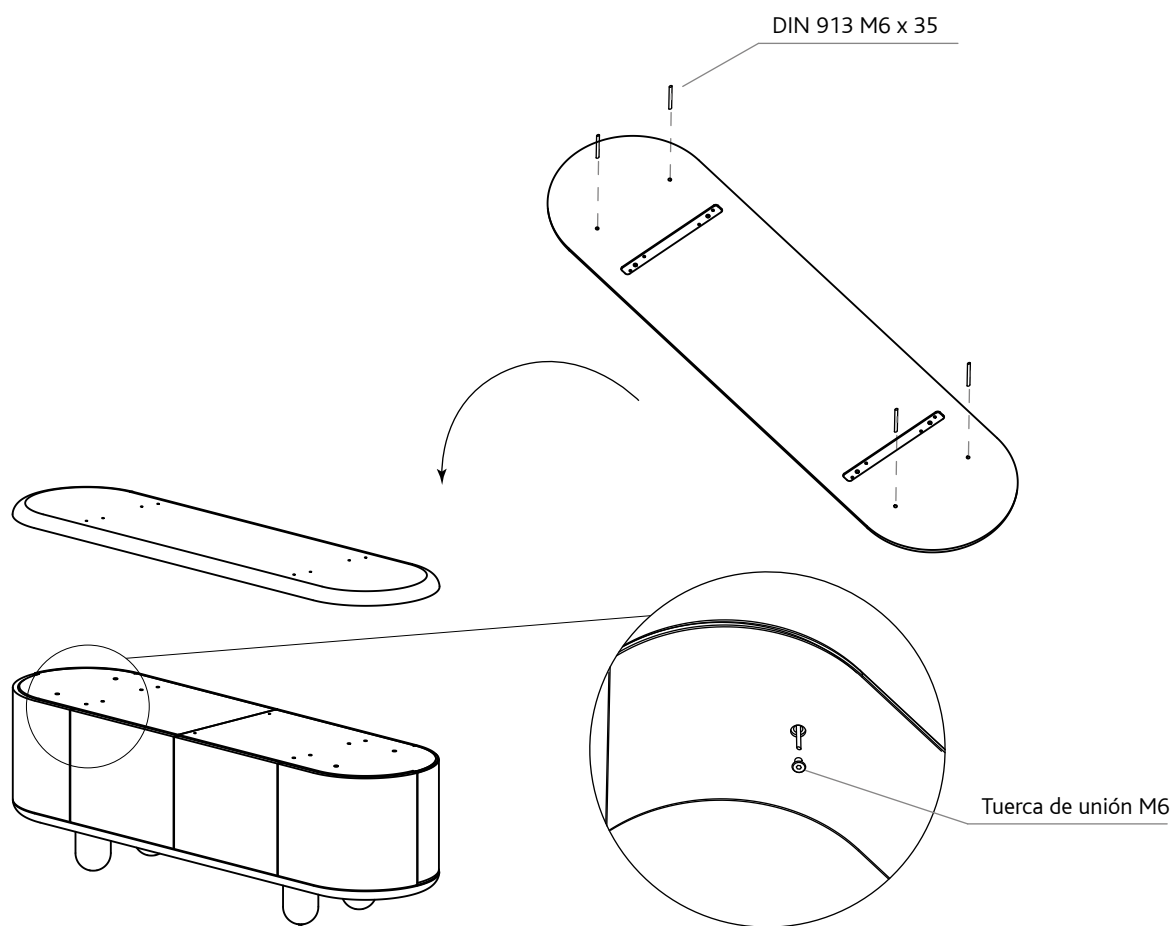

3. Coloca los DIN 913 a los módulos, posteriormente fíjalos a la base con las tuercas. / Place the DIN 913 modules onto the base and fix them to the base with the nuts.

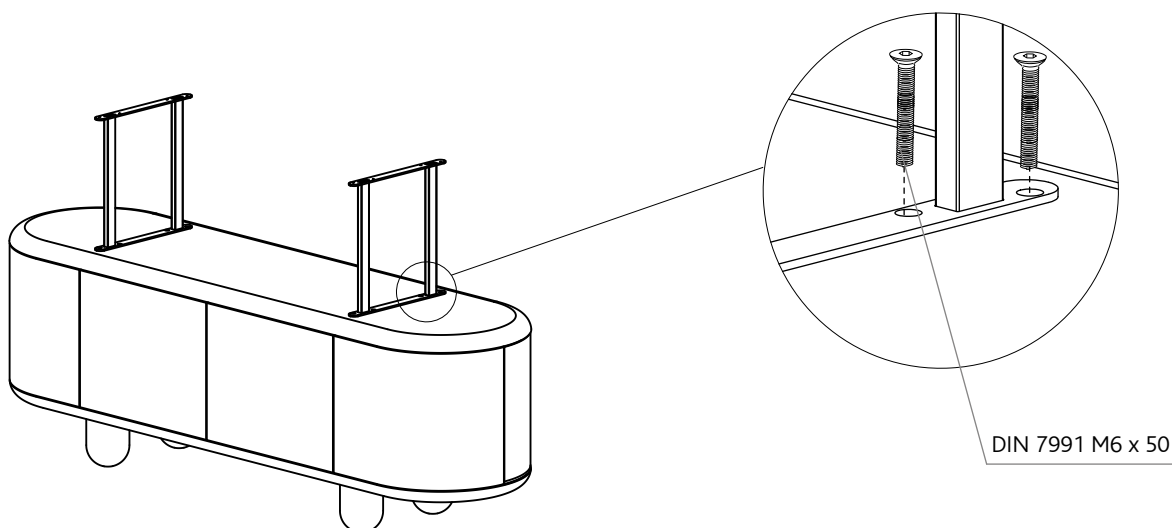

4. Fija ambos módulos por la parte superior e inferior (alojado en el interior del módulo) insertando una llave Allen y girando 180°. / Fix the modules by turning the allen key 180°.

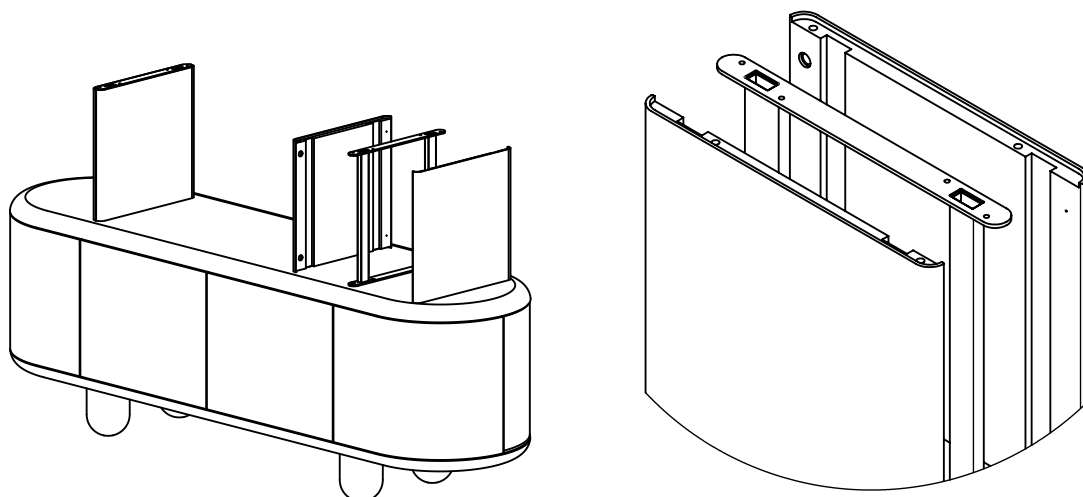

5. Coloca los DIN 913 al top del cabinet, despues colocalo sobre los módulos. Fijalo con una tuerca de unión por la parte inferior./ Place the DIN 913 to the top of the cabinet and fix it to the modules with nuts.

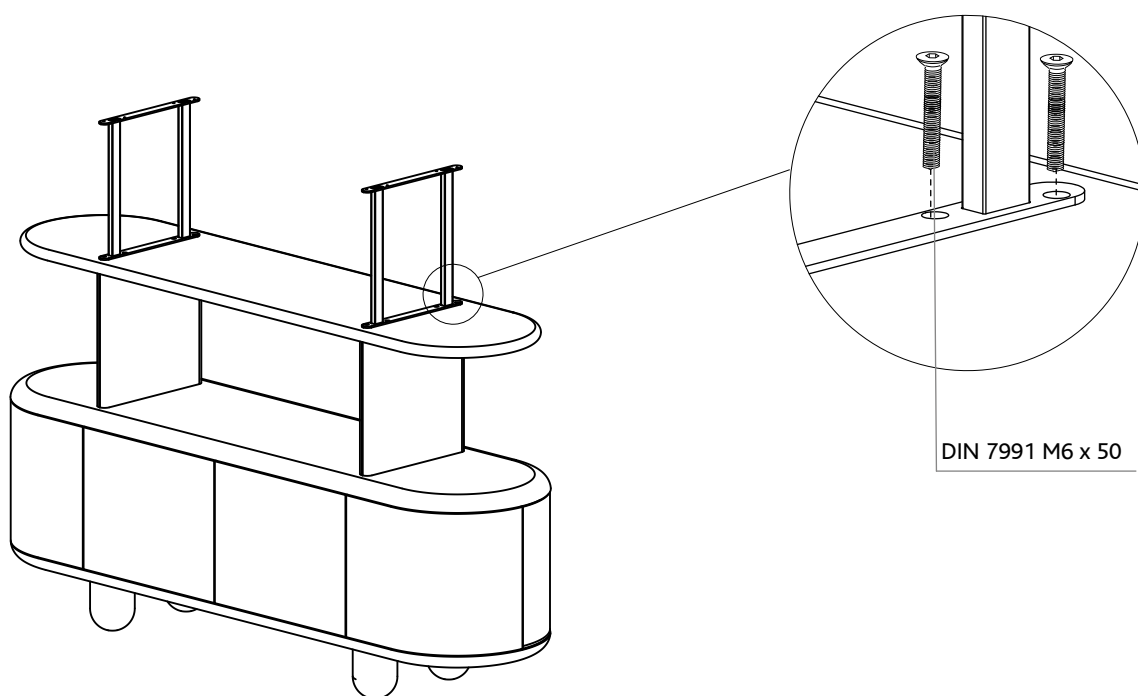

6. Coloca las estructuras de las estanterías y fíjalas a la base con tornillos DIN 7991. / Fix the metal shelf structures to the cabinet with DIN 7991 screw.

7. Coloca las estructuras de madera para los estantes, asegurate de que están colocadas en la cara opuesta para que los imanes trabajen bien, ademas, los agujeros tienen que quedar siempre en la parte de arriba. / Join the wooden shelf structures, make sure they are placed asymmetrically to let the magnets work properly. The holes must be on the upper side.

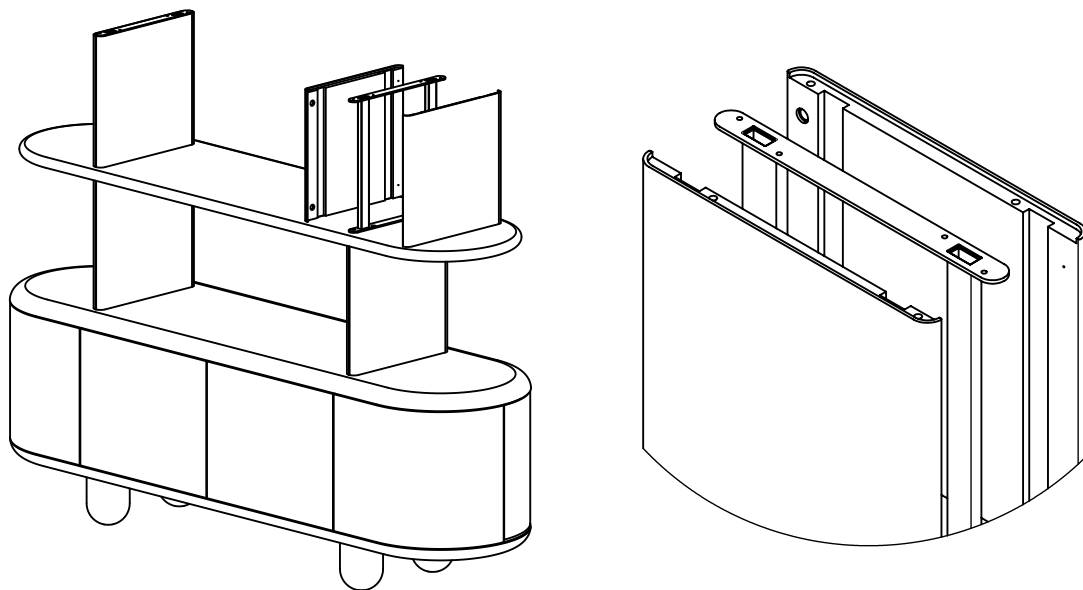

8. Coloca el estante y las estructuras de metal para el segundo nivel y fíjalo con tornillos DIN 9771. / Place the shelf and the metal shelf structures and fix them with DIN 9771 screws.
