

Application

Rechargeable, battery-powered table lamps help to create a cozy and intimate environment. Rated for exterior use, these luminaires may be left outside in the evenings and withstand the occasional rain shower. The battery is charged via a standard USB-C charging port and provides up to 12 hours of light at 100% output. The light level is dimmable in four steps (25%, 50%, 75% and 100%) which increases the expected run time per charge.

Materials

Optically textured UV-stabilized acrylic diffuser
Aluminum housing
Lithium-ion battery with integrated fuse
USB-C charging cable, 3' length, black (included)
Protection class IP 54

Weight: 2.1 lbs.

Electrical

LED module wattage	2.0W
Color rendering index	Ra > 80
Luminaire lumens	215lm
LED service life (L70)	60000hrs

LED color temperature

2700K (K27)

BEGA can supply you with suitable LED replacement modules for up to 20 years after the purchase of LED luminaires - see website for details
