Delivered fully assembled, this piece is ready to enhance your home from the moment it arrives.

Scalloped Edge base

Hallow frame offering a light yet durable table

Rattan, like all natural materials, has inherent disparities in color and grain pattern. Variations in shade and markings are normal and can be expected with the natural materials used in the construction of this product.

Weight Capacity: 200 lbs

For use as a coffee or accent table in a living room, office, family room

To clean, use a dry cloth, paint brush or air-compressor to rid of dust. For spills such as juice or hot chocolate, wipe with a dry cotton cloth. The rattan is protected from a top- coat so it won't absorb the liquid. For PU rattan seat tops: Wipe spills with a soft damp cloth or with a mild soap and water solution. Avoid use of cleaners and abrasives. Rattan is naturally heat resistant to sunlight and humidity but is recommended for indoor use.
