Marble has a more polished look and feel with specks of gray undertones. It is a natural stone product and is known for its variation in color, carbon deposits and veining patterns. Variations in shade and markings are normal and can be expected with the natural materials used in the construction of this product. Due to the porous nature of marble, it is vulnerable to staining agents and high heat. Avoid placing hot or wet items on surface. Coasters recommended.

Weight Capacity: 22 lbs

Suitable as a side table, end table or accent table in an indoor living space
To clean, wipe clean with a clean dry cloth and dust regularly. If spills occur, wipe spills with a damp cloth and dry immediately. No abrasives or household cleaners which can damage the wood. Drink coasters are recommended
