

Fret Knot Armless Chair

Caracole

Create your dream seating area with the customizability of these elegant seating segments featuring exquisite fret work. Exceptional from the outside in, these inspired pieces feature inset carved fret panels inlayed into their outside backs. This one-of-a-kind fret pattern was inspired by a narrow castle window and the lattice work designed to let in air and light. Finely upholstered in an exquisite fabric, it offers unending style and a supportive eight-way hand-tied seat. Soft Silver Paint adds a touch of shimmer to its paneled details and fluted feet.
