Nellie Outdoor End Table

OVERVIEW

N.A.

PRODUCT DETAILS

Specifications

SKU : 51031461

Collection : Nellie

Materials : Glass Fiber Reinforced Concrete

Dimensions : 18.5W x 18.5D x 22.5H

Colors : Light Gray

Product Weight : 78

Product Cubic Feet : 9.67

Features

Crafted by skilled artisans, glass fiber reinforced concrete is a lightweight solution to this statement design.

Created through a mold, our fiber-reinforced concrete can withstand temperature above 120 degrees F and be exposed to moisture without immediate damage. Leaving the piece exposed to weather for long periods of time will cause natural discoloration and fading.

Hollow construction, stain resistant, and has plastic floor protectors.

Design created for universal use.

Suitable for indoor or outdoor living. For a long life, covering your product or storing indoors when not in use is recommended.

The handcrafted nature of our products creates unique pieces, each with their own characteristics and variations. We take pride in these artisanal features, as they are an essential part of our brand's aesthetic.
