4000-0157

*In Stock / New*

Overall: 18.5"h x 15"dia

Finish: Graphite/Clear

Materials: Cast Aluminum/Cast Glass

Item Weight: 17 lbs.

The point at which artisanal and fine craftsmanship meet is where the Acea Graphite Accent Table resides. Made of cast aluminum that was poured into a hammered mold to create even greater texture than the metal would have exhibited without the added treatments, the silver accent table is topped with a cast glass top that is equally textural and luminous. This table will be a piece of jewelry in a space.
