Finish: Tawny Brown/Polished Brass/Mirror/Natural/Clear/Rose

Materials: Figured Eucalyptus/Stainless Steel/Glass/Marble/Faux Velvet

Item Weight: 300 lbs.

Suggested Bulb: Integrated LED

The Colette Bar Cabinet is made of poplar wood that is covered in Eucalyptus veneers with a handsome linear texture to them, heightened when finished in a tawny brown. Elevating the sophistication of the two-door cabinet is a high-gloss luster on the exterior. Interior details include a mirrored back, two glass shelves, an inset marble slab on the bottom surface, a pull-out tabletop for additional work/serving space, and a large drawer for storing accessories. The luminous beveled mirror accents on the doors and interior drawer, which sit proud on the surface of the cabinet, are surrounded by stainless steel rings in a polished brass finish to match the legs and the stretchers.
