Kanti Accent Table

4000-0192

In Stock / New

Overall: 26"h x 11.75"dia

Finish: Graphite

Materials: Iron

Item Weight: 19 lbs.

Made of iron in a graphite finish with a subtle ombré effect, the surface of the Kanti Accent Table darkens as it moves toward the bottom. The gray side table has an ample dose of personality because its fluted shape brings both the sides and the top added interest. The bottom of the accent table is covered in felt to keep it from damaging any underlying surfaces.
