The pedestal of the Deanna Raffia Accent Table has three panels of woven raffia trimmed in Okoume wood veneers in a black finish that flow up to the circular top, also clad in raffia surrounded by a black wood detail. The combination of black and beige bring this accent table a tailored feel that fits within a wide spectrum of design styles, especially a room that exudes Hollywood glamour. The subtle texture of the raffia is a special aspect of this design, as is the fact the table is fitted with an inset glass top to protect the natural fibers.
