Relic Accent Table

3000-0288

In Stock / New

Overall: 18.5"h x 9.5"dia

Finish: Ivory White Moss

Materials: Ceramic

Item Weight: 33 lbs.

The Relic Accent Table lives up to its name with its pitted surface that looks as if it has weathered centuries of climate. Made by a talented group of artisans who live on the border of Burma and Thailand, and make such a wide variety of unique ceramic pieces, the beige accent table is the epitome of handcrafted. The ivory white moss glazing on the side table is an artisanal touch, as it appears pale in some spots and darker in others.
