Socket Type: E26

150/150

Cord: 6' Clear Silver

Switch: 3-Way Turn Knob

Shade: Natural Linen

Shade Dimensions: 24" x 10"h

The Casimer Black Table Lamp is a hard-won composition, as water hyacinth is wrapped around wires that create an orb form and washed in black to create depth. The wash soaks into the material more in some spots than in others to create incredible texture. The black base and hardware echoes the darker tones in the natural material, and the empire shade draws out the lighter tones.
