Elena Rectangular Mirror

1000-0132

Overall: 40"h x 28"w x 1.5"d

Finish: White / Brown

Materials: Toronto Brown Marble / White Marble / Glass

Item Weight: 50 lbs.

The Elena Rectangular Mirror is an artisanal offering made of intermingled pieces of Toronto and India white marble. The spacing of the darker Toronto marble brings the frame of the gray-brown and white decorative mirror balance and sophistication. There are two cleats on the back of the piece so that it can be hung either horizontally or vertically, each keeping the ornamental textural strips in the perfect position. A highly considered aspect of the design is how the corners have larger square blocks of marble.
