The Happy 80's Brown & Pale Blue Table Lamp is made of hand-thrown porcelain glazed with striations of earthy brown, tan, and pale blue—each one skillfully applied while it was spinning on the potter's wheel. Painting lines of color so uniformly while the vases are spinning is a painstaking process that makes this an artisanal creation. The lamp's body sits atop an optic crystal base and a finial of the same material fastens the shade to the fixture, which is white on the outside and lined in a blue fabric.
