Shade Dimensions: 18" x 20" x 13"h

---

The epitome of artistry, the Blarney Green Table Lamp is made of hand-thrown porcelain that has been painted with a glaze before it is fired to give the patterning on the surface an organic feel. The fact that each one is created uniquely means there will be differences in the falling of the drips and the saturation of the colors in spots. The antique brass finish on the hardware and the linen shade tease out the tan tones in the lamp's body.
