The Babylon Pendant/Semi-Flush is formed from slender, curving stems of wrought iron in a contemporary gold leaf finish that have been shaped into an elegant floral silhouette. The tapering spikes are adorned with elongated green glass leaves, each hand-cut from recycled wine bottles, that look as if they are being stirred by a breeze. The edges are individually polished by hand and placed on the frame with metal pins that resemble the shapes of the glass pieces. There will be slight variations in color in the leaves on this six-light pendant that is dimmable and convertible to a semi-flush.
