The Fishtrap Outdoor Pendant has a shade made of all-weather wicker that can easily withstand the elements, as will the metal hardware in a black powder-coated finish. The sense of movement achieved by the slant of the weave makes the pear-shaped shade seem as if it is spinning. The single-light pendant is wet location-tested, which makes it a shoe-in for lighting patios and porches. This is a true statement piece for even the largest of outdoor rooms.
