100/100

Cord: 6' Clear Silver

Switch: 1-Way Turn Knob

Shade: Black Polyester

Shade Dimensions: 4.5" x 21.5" x 11.5"h

The motifs on the columnar body of the Nebulon Table Lamp are hand woven in a traditional Vietnamese pattern called star-weaving. The artform, which is generations old, involves intermingling black-dyed and natural bamboo into the pattern. The metal base and hardware complement the black empire shade, which amplifies the dark tones in the lamp's body. Each lamp will vary slightly due to the hand-made uniqueness of each weave.
