Cord: 13' Gold

The Verre de Mer Large Chandelier has a very pronounced cascading shade made of sand-blasted glass that was hand-cut from recycled bottles to resemble seaglass. Each piece of this sustainable material is attached to the frame by hand, the wires wrapping around each requiring patience and precision to affix. The fluted metal frame, in a contemporary gold finish, holds six layers of glass that are illuminated by six lights. This chandelier extends 65 inches long.
