Brigadier Vase

1200-1029

In Stock | New

Overall: 13.75"h x 12.5"w x 25.5"d

Finish: Verdigris

Materials: Cast Aluminum

Item Weight: 11 lbs.

The Brigadier Vase is made of aluminum with a surface that is packed with patina.

The submarine shape makes this a narrow decorative accessory that will fit perfectly on slim tables and nightstands without sacrificing its powerful presence.

The coloring on the surface of the vase is a mix of gold, bronze and white, and the texture was achieved with a hand-hammered detailing that is very labor intensive. The vase is not watertight, and it will corrode if water is poured into it without a liner.
