Fiona Box

1200-1025

New

Overall: 7.75"h x 8.5"w x 10.5"d

Finish: Natural

Materials: Stone / Abalone / Engineered Wood

Item Weight: 9 lbs.

The Fiona Box is an artisanal piece created when serpentine stone is cut into pieces and placed on the exterior surfaces in a mosaic pattern. The interior of the mint-colored wood box is painted in a complementary green to enhanced the luxe feel of the decorative accessory. The beautiful pastel-colored box is topped with an abalone shell that is a gleaming decorative touch, though not a handle.

The surfaces and the shell will vary slightly from piece to piece.
