Coquillage Tall Obelisk

1200-1043

New

Overall: 31"h x 8.5"w x 8.5"d

Finish: Natural

Materials: Shells / Wood

Item Weight: 8 lbs.

The Coquillage Tall Obelisk is a shell-encrusted sculpture inspired by a mosaic wall created in coquillage, one of the world's oldest art forms that utilizes natural shells. The complex pattern, which includes floral motifs in pale peach, white, and purple tones, is affixed to the shape made of wood. Standing 31 inches tall, this shell sculpture will be a commanding decorative accessory.
