

CURREY

& C O M P A N Y

Folios Vase

1200-1048

New

Overall: 17"h x 9"dia.

Finish: Reactive Dark Blue

Materials: Ceramic

Item Weight: 14 lbs.

The Folio Vase is made of dark clay ceramic with a tremendous amount of texture.

Not only is each indentation pressed into it by hand, the stippling on the raised portions are extremely nubby. The organically shaped vase is thrown and carved

before the dark blue reactive glaze is applied, a lighter blue falling glaze accentuating the valleys to make each vessel unique. The vase stands 17 inches tall.
