*In Stock | New*

---

Overall: 1.5"h x 15.75"dia.

Finish: Natural

Materials: Floral Jade Marble

Item Weight: 15 lbs.

The Freya Floral Jade Tray has bold natural markings that are so dynamic, its surface reads like a modernist painting. The characteristics of the flower jade marble include waves of color and strong patterns. The clean lines of the decorative tray with its outer rim drilled uniformly with holes serves as the ideal canvas for the stone's painterly feel. There will be significant variations from piece to piece given the material from which it is made.
