Han Dynasty Bird Bronze

1200-0992

In Stock | New

Overall: 9"h x 3"w x 10"d

Finish: Dark Bronze

Materials: Bronze

Item Weight: 3 lbs.

The Han Dynasty Bird Bronze is a decorative sculpture inspired by an incense holder from its namesake era. Cast in solid bronze, this graceful piece stands 9 inches high and has a gently aged surface with subtle hints of yellow and red rubbed into the bronze. This gives it a weathered, timeworn patina that evokes centuries of history. The rich texture and warm tones lend the piece a sense of authenticity and character.
