Overall: 40.5"dia. x 1"d

Finish: Gold Leaf

Materials: Iron / Glass / Engineered Wood

Item Weight: 22 lbs.

The Levain Round Mirror is an airy decorative piece with a convex mirror that is subtly curved to add depth. Surrounding the mirror is an elaborate frame made of ornamental scrollwork, reminiscent of the delicate ironwork seen on antique gates or ornate garden screens. The design, based on a vintage piece, has scrolling swirls that radiate outward in a dynamic sunburst pattern made of metal in a gold leaf finish.
