Marbleized Tall Turret Box

1200-1050

New

Overall: 34"h x 12"dia.

Finish: Marbleized Brown

Materials: Wood

Item Weight: 10 lbs.

The Marbleized Tall Turret Box is a hand-carved wood sculptural container with a classic antique-inspired form. The surface of the elegant decorative accessory has been treated to a brown marbled technique that was developed for paper during the 15th century. The sense of movement this brings to the piece makes its rounded form feel kinetic. There will be variations on the exterior of this accessory given it is painted by hand, a beautiful quality of this technique.
